Dear Parents and Family Members,

We value your input! As a parent of a child who receives Title I services in our school, you have the right to give input about how the school district budgets and spends its Title I parent and family engagement funds. Over the next few months, our school will hold various meetings with parents and family members to revise the school's Parent and Family Engagement Policy for next school year. We hope you will participate in one of these meetings. In the meetings, we will discuss the following:

1. Communication with families
2. Providing information in a language and format that is easy for parents
3. School–Parent Compact
4. Coordination of services
5. Building capacity of parents
6. Building capacity of school staff
7. Building capacity for involvement

We received \$2,300.00 in Title I parent and family engagement funds for the 2019-2020 school year. The school spent the money in the following ways:

We want your feedback on how the parent and family engagement funds should be spent for the 2020-2021 school year. Please check all that apply.

- Interpretation/translation
- Parent orientation/conference
- Parent resource materials
- Printing and communication (newsletters, flyers, letters)
- Speakers
- Workshop materials

Do you have any other suggestions for the use of parent and family engagement funds? These will be taken into consideration for the 2020-2021 school year.
